

Have some holiday fun while supporting cancer research.

What you can do to help.

- Purchase a gingerbread house kit for your family.
- Show off your decorated house at the Shannon's Village Gingerbread House Display
- Not sure you want to decorate a house. Then just come to the display to view decorated houses, decorate a cookie or enter the raffle for a Gingerbread Creation. Last year's raffle included a Gingerbread Church and Gingerbread Lighthouse.
- Purchase a house kit as a gift

All proceeds from the sale of the kit are directly donated to the Lymphoma Research Foundation.

Order kits by mailing the bottom of this flier to Jen Degnan at 33 Hollywood Rd or by emailing Jen Degnan at shannonsvillage@yahoo.com with the information needed from below.

Kits include homemade gingerbread pieces to construct one house, decorating ideas, assembly tips and instructions, and frosting mix. In honor of my niece Shannon Haasis, who succumbed to Hodgkins Lymphoma, all proceeds from the sale of the gingerbread kits will benefit the Lymphoma Research Foundation.

If participating in Shannon's Gingerbread House display please bring your decorated house on Saturday, December 4th from 9:30 – 11 to the Parish of Epiphany at 70 Church St.
